Social spaces require consent to enable chat and location sharing for navigation.

Business spaces can provide status updates and location sharing for navigation without consent.

Business spaces can add arrival promotions to their space.

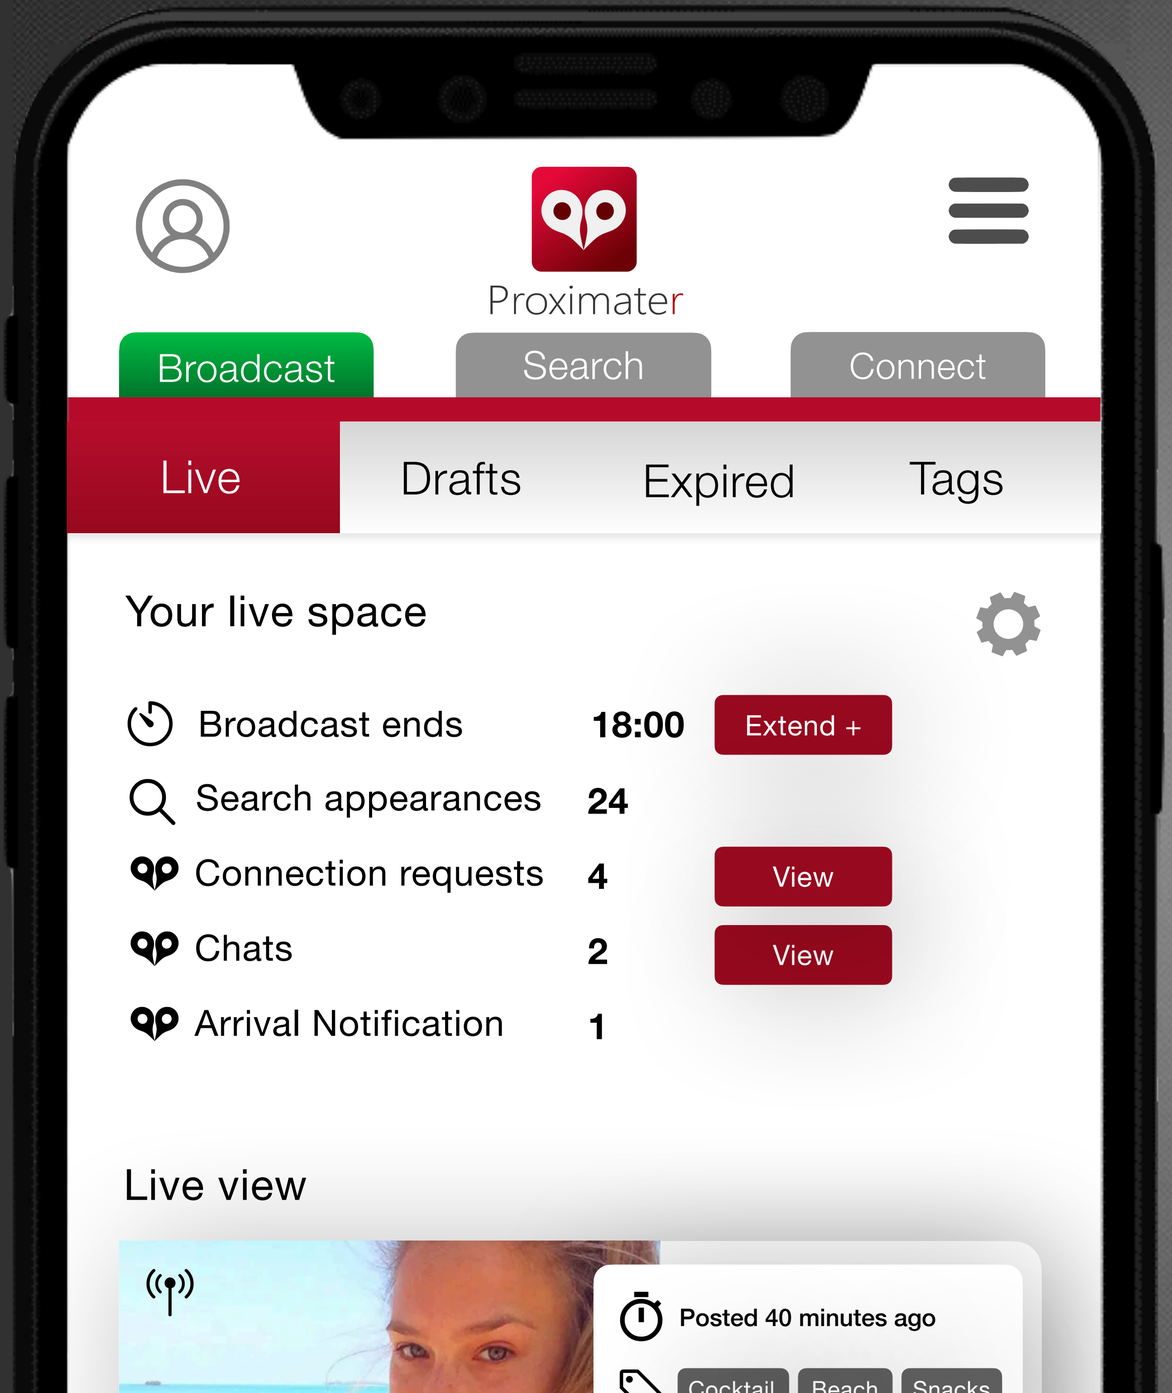
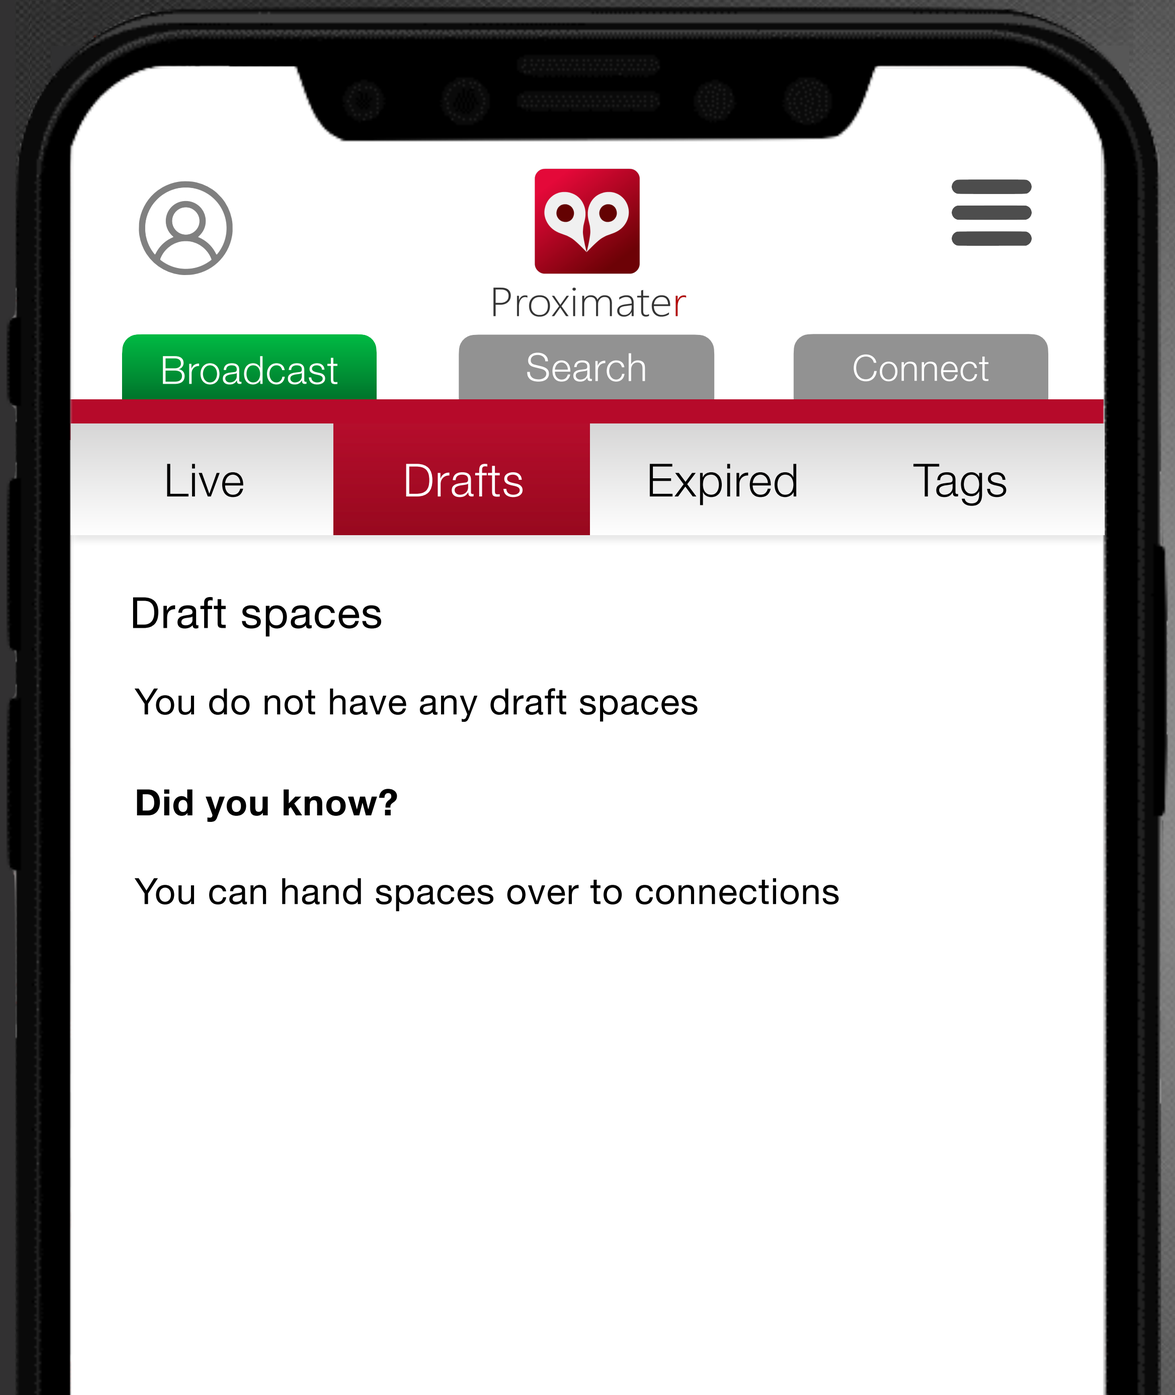
Congratulations, your space is live!
Broadcast ends 18:00
Check your live broadcast tab to review your live space…



Secure chat, status updates, one-way, and bi-directional navigation can be enabled on a per-space basis.



Draft spaces can be created by “space managers” to draft potential business spaces before handing them over.

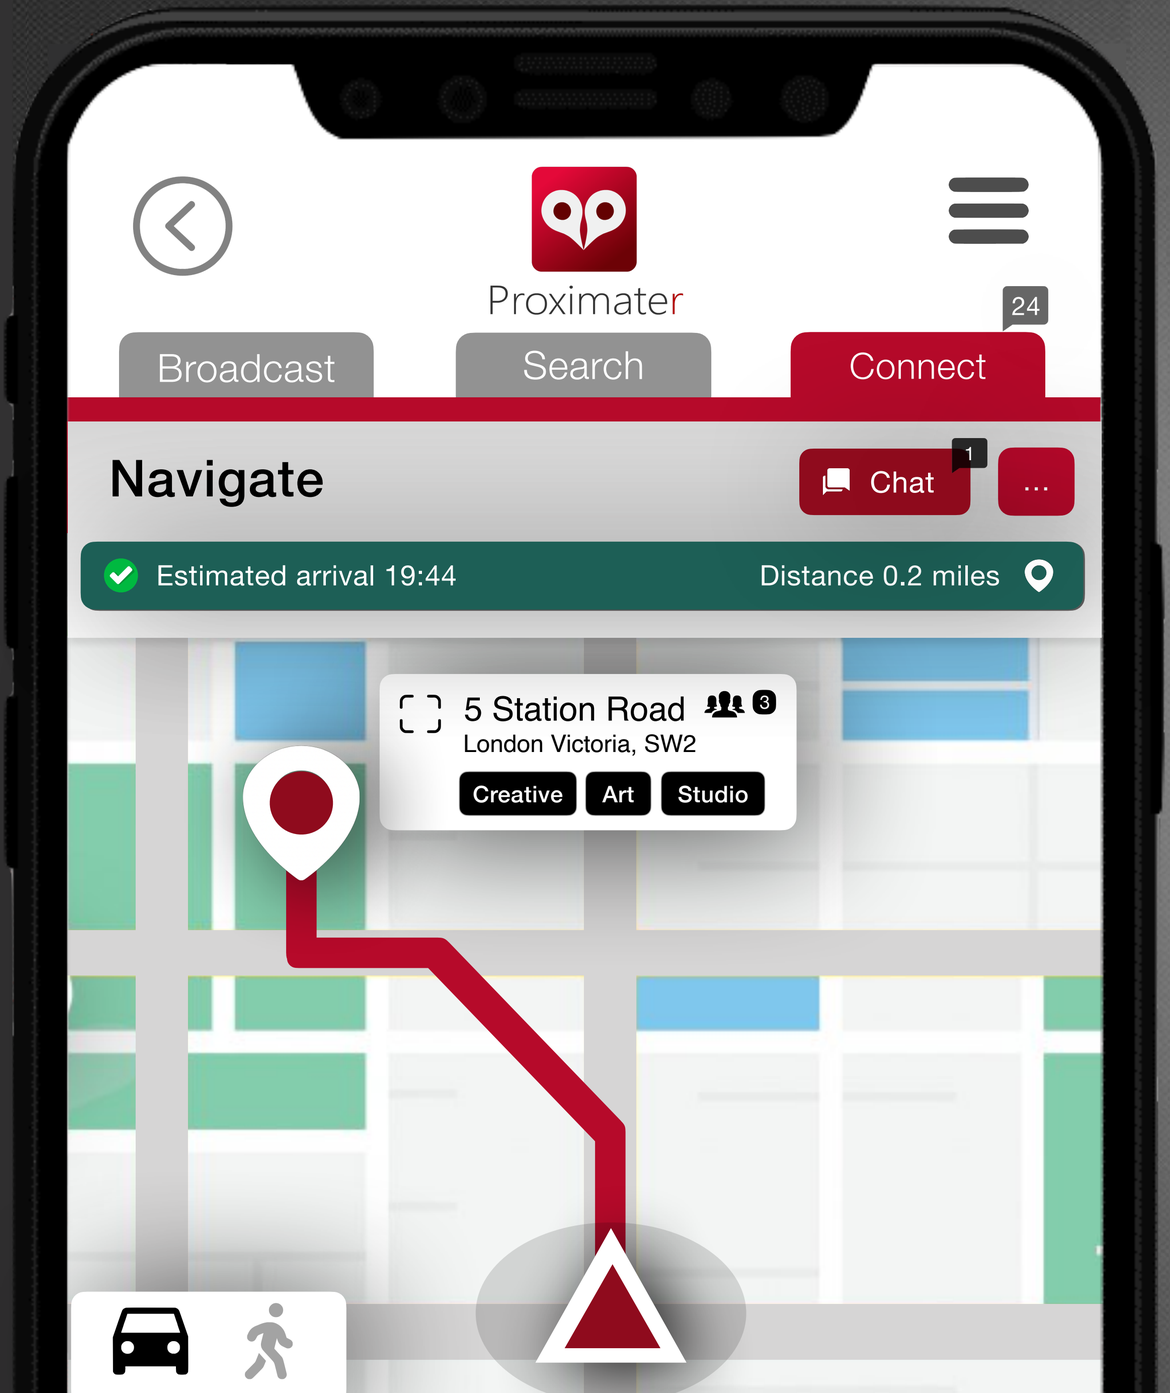
Thanks for the connection request.
Please contact me on here before I share my location, thanks!
Hi I am looking to do some painting, is it OK to just turn up?
Sure, I've enabled navigation so you can find us
Great, thanks, see you soon



Navigation can be shared for social, or set as one-way for business spaces.

Uber spec.
